

My Local Airl station in the Portland OR area provides my friends and I great thought-provoking and positive music. So many days Airl and the broadcasters have brightened my day and given me much needed encouragement, and if it were displaced by a LPFM broadcaster the encouragement, great music, and the ministry as a whole would be greatly missed. Airl provides music to people all over the globe and I have never found a station quite like Airl anywhere, so please keep it around.
